

Gage and Connector Part Numbers

Use the spaces below to generate the model number for your gages. Codes for materials and diameters are from the chart at right.

Overall length (L), inches	Gage model	Sight tube material	Sight tube size	Flange/shield material	Gage flange size	Sleeve tube material	Sleeve tube size	Connector type	Connector material	Gage flange size	Connection size
	ULSS	PF									

Options

- Calibrated scale: Polycarbonate ___ 316 SS ___ Sight tube ___
Feet/inches ___ Total inches ___ Metric ___ Other ___
- Level floats: Orange PP ___ Red Teflon® ___
- Explosion-proof illuminator
- Sight tube redlining
- Vent and drain valves: Carbon Steel ___ 316 SS ___ CPVC ___
- PTFE-lined reducing flanges: size _____ X _____

Codes for Part Numbers

Sight Tube Material	Code	Shield/Flange Material	Code
PFA Teflon®	PF	Carbon Steel	CS
		316 SS	S6
		304 SS	S4
		CPVC	CP
		Fiberglass	FG
		Size, inches	
		1.00	10
		1.25	12
		1.50	15
		1.62	16
		1.75	17
		2.00	20
		2.25	22
